Another PhD Defense Success Story

The PhD defence by Mr. Ahmad Zziwa, a member of the Department of Civil Engineering which took place this morning, Thu 26-Apr-12 at 9:30am at the CEDAT Conference Hall was a success.

As he defended his thesis Titled: Strength characterisation of timbers for building construction in UgandaMr. Zziwa gave a brilliant presentation, a vibrant interaction with his Opponent, Dr. Mpandey and a question and answer session which demonstrated his understanding of the Subject.

For access to Mr. Zziwa's Thesis, please go to the CEDAT Publications page.
