DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING

Community Wireless Resource Centre (CWRC)

19th March 2013

2013 Call for Applications: Industrial Training with the CWRC

The CWRC is an initiative established under the Department of Electrical and Computer Engineering. Initially funded by the International Development Research Centre (IDRC), the primary objective of the CWRC is to provide or enhance sustainable Internet connectivity infrastructure, particularly in rural or underserved areas in Uganda, by means of wireless technology. Information about the CWRC is available online at http://www.tech.mak.ac.ug/research/cwrc, and you can get further information on the initial CWRC activities via one of our partners' website at: http://www.it46.se/sho_entry.php?id=265.

The CWRC has six positions available for the 2012 industrial training period. To apply, submit a letter of interest to the CWRC Research Assistant, Room 162 – Old CEDAT Building, by 12:00noon on Friday 19th April 2013. The letter should indicate courses taken and previous experience/industrial training that the applicant considers to be very relevant to the CWRC objective. Applicants should be second year or third year students in either Electrical or Telecommunications Engineering. Note that three positions will be reserved for second year students and the other three reserved for third year students.

For further information, contact Mr. Raymond Lumansi, Room 162 – Old CEDAT Building, or send email to dkokello@tech.mak.ac.ug and rlumansi@gmail.com
