Total E&P Uganda's education program is giving an opportunity to **two Ugandan university students** to attend Total Summer School in Paris, France.

Total Summer School brings together around 120 students from all over the world to take part in a week-long opportunity to analyze and discuss major energy issues and challenges, alongside key managers and experts from business, science and research.

The topics will be addressed **in English** through plenary presentations, round table discussions and workshops.

For the students this will be an opportunity to:

- Get an overview of the strategic and management• challenges facing leading international companies.
- Contribute actively through exchanges and dialogue • to key challenges of the Energy world.
- Get an insight into the working world and interaction • with energy industry experts.
- Learn about Total's professions and career path.

Topics of the session

Economics & Geopolitics: Is the global tension between energy supply and demand here to stay?

Future of energy: What are the main causes of uncertainty and tension and how can they be alleviated?

The Environment: What strategies can be deployed to combat global warming?

Corporate Social Responsibility of companies: How can our ethical and managerial values be made compatible with the wide diversity of countries people and situations?

Total Summer School Duration

The session will be held from **30th June** to **5th July 2013** in Paris**.**

This opportunity is open to:
Students pursuing their Bachelor's Degree and are about to start their final year of University studies in September 2013.

Eligibility Criteria
