

## PRESENTATION / WORKSHOP FOR THE VALIDATION OF RESEARCH COMPENDIUM AND THE LINKED INDIVIDUAL RESEARCH PAPERS BY THE INVITED STAKEHOLDERS

**Monday July 31st, 2023**

**Related Output 1.4 (E1-4).**

### Project Background

GGGI has partnered with the European Union (EU) as part of the EU Inclusive green economy uptake programme (GreenUP) to deliver a project entitled “greening Uganda’s urbanization and industrialization” (2020-2023). The programme is aligned with the government of Uganda’s vision 2040, the National Development Plan (NPA), and the Uganda Green Growth Development Strategy (UGGDS). The project aims at promoting sustainable development and inclusive green growth in Uganda by focusing on green city development, green industrialization, efficient waste management and green growth integration into planning and budgeting. This is to ensure Uganda is achieving maximum benefits from a green growth pathway.

Makerere University Kampala with support from GGGI oversees output 4 of the project on “Establishing a Regional Centre for Urban Research, Governance, and Innovation (MURCURGI)”. This specific concept note focuses on Activity 1.5.2 on developing 9 research papers for publication.

### Objective of Validation Workshop

The purpose of this workshop is to create learning and sharing forum for the invited stakeholders to understand and validate the research findings and also share experiences, best practices and lessons learnt from both sides prior to publication of the compendium and research papers.

### Programme for the Workshop

Time	Session Subject	Responsible Party
9:00-9:15am	Introduction and Objectives of the Workshop	Chairperson /HoD Dr. Kiggundu A. Tamale
